File 109-81-6, Ordinance No.

Supervisors Dolson and Hongisto requested to be excused from voting on the item because of a conflict of interest

There being no motion forthcoming to excuse the Supervisors from voting, Deputy City Attorney David Kroopnick advised the Board that Supervisors Dolson and Hongisto should abstain from voting on the item because they would be subject to criminal penalties under State Fair Political Practices Commission regulations.

After a period of discussion as to whether the Charter of the City and County, which requires that any member of a board present at a meeting when a question is put shall vote for or against it unless excused, or State law would prevail, the Chair ruled that Supervisors Dolson and Hongisto should abstain from voting pursuant to the City Attorney's opinion.

COMMUNICATION

The Clerk presented the following communication from the
Mayor:

Tuesday, October 13, 1981

October 8, 1981

Gilbert H. Boreman
Clerk of the Board
Board of Supervisors
235 City Hall
San Francisco, California 94102

Dear Mr. Boreman:

I am returning herewith, with my signature, Resolution File #93-81-38, which authorizes the Department of Public Health to apply to the State of California for grant matching funds to be used for a Clinical Laboratory project at San Francisco General Hospital.

There is an ambiguity in the second "Resolved" clause. Rather than returning the resolution with my disapproval, I am taking this way to establish a record of what I believe the intent of the Board to have been in adopting this resolution and of what my interpretation is in signing it.

By way of background, the estimated cost of the Clinical Laboratory project is some \$5.0 to \$6.0 million. The available grant funds from the State would cover 50% of the cost. The resolution from the Department of Health proposed to commit the proceeds of the sale of Hassler Hospital (which would become the Department's own capital outlay funds) as the City's match contribution. For unrelated reasons, the resolution approving the sale of Hassler Hospital has not yet been adopted and, in amendments made to the present resolution, references to the sale proceeds were inadvertently omitted. What has come to me then is a resolution which states the intent of the Board to complete the project should State grant funds become available for 50% of it. What is implicit but is not made explicit, is that the proceeds from the sale of Hassler Hospital (which can in any event be used only for departmental capital outlay) are the funds which the City is committing.

I wish to make it clear that my signature is appended hereto based on my understanding that the legislative intent is as stated above, and that only the funds from the sale of Hassler and no others are to be used for the City's share of the Clinical Laboratory project.

I would ask that this letter be read to the Board and that it be printed in the Journal.

Thank you for your cooperation.

Sincerely,

/s/
John L. Molinari
Acting Mayor

Noted and filed.

The Supervisor noted that the demonstration would be a strong, non-violent expression of the gay community's feelings for the slain officials, as well as a protest of the increasingly frequent incidents of violence against gays in the City, and urged the leadership of the City to join in the demonstration and publicly denounce all acts of violence based on bigotry.

Requests Granted

There being no objection, the Clerk was directed to comply with the following requests:

Supervisor Hongisto requested that the City Attorney be asked to prepare legislation amending the residential parking permit ordinance to make the transfer of a residential parking permit from one person to another a misdemeanor.

Supervisor Hongisto requested that a letter be addressed to the Tax Collector, suggesting that residential parking permits be printed on multi-colored stock with multi-colored inks in an effort to make it more difficult to duplicate.

Supervisor Hongisto requested that a letter be addressed to the Chief of Police, suggesting that Parking Control Officers be urged to report citations of altered or forged residential parking permits.

Monday, November 23, 1981

Supervisors Hongisto and Ward requested that a letter be sent to the Department of Public Works, requesting that it explore the feasibility of requiring a double sewer system to be installed rather than a single pipe system in the Southern Pacific Development Area.

Supervisor Hongisto requested that a letter be addressed to the Department of Public Works, noting that the Supervisor has been advised there are no wheelchair cuts in the area surrounding the more frequently used civic buildings in the Civic Center area and that people attending events in wheelchairs cannot get onto the sidewalk and have to go to the middle of the block.

The Supervisor noted that when Davies Hall was built, there were no wheelchair cuts made although this was new construction and that this occurrence seems to happen with frequency, and he further requested that the department be urged to give the highest priority to wheelchair cuts on sidewalks surrounding the Civic Center buildings and Yerba Buena facilities, and that should any new construction have commenced without these cuts that the situation be remedied.

Supervisor Kennedy requested that a letter of inquiry be sent to the Police Department regarding abandonment of stolen vehicles at Watchman Way and Terrace Circle.

Supervisor Kennedy requested that a letter be sent to the Municipal Railway through the Public Utilities Commission, requesting information as to the status of the contract for reconstruction of the St. Francis Circle Waiting Shelter, as it has been reported to the Supervisor that five advertising firms have expressed an interest in bidding on this contract and that Muni riders have been awaiting the erection of this shelter for more than two years.

Supervisor Kennedy requested that a letter be sent to the United States Department of Agriculture urging them to consider changing their marketing system that requires farmers to destroy large portions of their crops.

Supervisor Kennedy requested that a letter of inquiry be sent to the California Department of Transportation, relative to the possibility of Southern Pacific Company providing a commuter train which would transport peninsula residents to Market Street. The Supervisor requested that information be provided as to whether this would necessitate any additional service from the Municipal Railway from the point at which the train would terminate on Market Street.

Supervisor Nelder requested that a letter be sent to Police Officer Richard Knappick, apologizing for the treatment he received at San Francisco General Hospital after he left the trauma room on Halloween night and extending until his transfer to another hospital.

Supervisor Nelder requested that a letter be sent to the Director of Public Health, attaching a copy of an article appearing in the San Francisco "Policeman", entitled "Insult to Injury", requesting a detailed explanation of the occurrence. The Supervisor requested that the letter explain that while some of the circumstances cited would constitute unforgiveable abuse, others indicate that San Francisco General Hospital may require a higher standard of care and cleanliness than now exists and requires immediate corrective action.

Monday, November 23, 1981

Supervisor Nelder requested that a letter be sent to the City Attorney inquiring whether the split Golden Gate Bridge toll recently adopted by the Golden Gate Bridge Directors is a discriminatory inhibition on San Franciscan's use of the Bridge, and requesting an opinion as to whether such inhibition is constitutional or otherwise legally objectionable.

Supervisor Silver directed that the City Attorney be requested to analyze the proposed legislation supporting recommendations of the CSAC Board of Directors, to determine whether under the Constitution of the State of California the refusal of the City and County to implement state-mandated programs would constitute a violation of law and whether any sanctions would be applicable; and if San Francisco chooses to implement some part but not all of the mandates of the state, would that make any difference insofar as liability or responsibility under the Constitution or law is concerned.

Supervisor Kopp requested that a letter be sent to the Mayor, urging her, in view of the ongoing conflict between the Geary Street Merchants who need parking and residents of the Jordan Park area who resist efforts to extend residential permit parking to other residents, to request the Parking Authority to place on calendar the subject of acquisition of the Coronet Theatre Parking Lot for use by Geary Street merchants.
